VOLUME III, NUMBER 32 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER JUNE 24, 1929

YELLOW JACKET WILL RESUME ITS OPERATIONS

The Nugget is pleased to announce that negotiations are at present under way which will doubtless result in the reopening in the next two weeks of the famous Yellow Jacket mine at Alleghany, owned by the Alleghany El Dorado Gold Mining Company. Superintendent B. A. Reber, Charles E. Ferreira of Oakland, director, and Carl F. Krumhar of Cleveland, Ohio, a stockholder, were in Nevada City Saturday afternoon on their way to the property to make arrangements for the reopening of the mine which was closed down last fall owing to financial difficulties.

At the time the property was closed down, Superintendent Reber had just struck into a rich shoot of specimen ore in the No. 2 raise which had all the earmarks of being a rael strike for Alleghany, which is rather blase on the subject of specimen rock. The Yellow Jacket which had been owned by the Gillespie estate, was purchased outright by the Alleghany El Dorado interests and quite a bit of development work had been done prior to the closing. It is expected that all the difficulties will be ironed out this week and operations resumed, which will be welcome news to the mining industry in general and to Alleghany in particular.

NEW SIDEWALKS WILL BUILD SAY TRUSTEES

Property owners on Main and Sacramento streets who have not put in cement sidewalks between Union Alley and the depot will have notice served on them that they must proceed with such improvement at once or the city will do the work under an ordinance which permits the city to proceed and charge the cost as a lien against the property. This was the main item of business in one of the shortest regular sessions ever held by the city dads, which most times in the past have stretched well into the evening.

City Superintendent Shearer will serve the notice at once as the trustees want immediate action. Truck operators who have been refusing to pay the city license ordinance will be haled into court hereafter and try the process of law as city attorney Nilon informed the board that in his opinion the measure will stand the acid test. One peddler of lubricating oil has been the chief offender, he refusing to use the railroad to ship in his product.

The city recorder's court has been providing a little wherewithal for the city treasury, the fines for the past month totalling $72.25 which is a respectable showing in the light of past efforts.

Benj. Hall has been appointed to the board of library trustees to fill a vacancy.

NATIVE SONS GIVE AN OUTDOOR INITIATION

The meeting of Fred H. Greeley Assembly of Past Presidents, Native Sons, held at Uncle Tom's Cabin yesterday was one of the most colorful in the history of the association. A large class of initiates was inducted into the mysteres of the Order by a picked degree team in the presence of a large audience of members. A large number of Grand Officers was present including District Deputy E. J. Kilroy.

Much of the credit due for the successful meeting can b egiven to C. W. Chapman, the indefatigable secretary of Hydraulic Parlor.

The dance staged at Uncle Toms Saturday night drew a large throng.

The departing time of trains from Nevada City at present is 5:20 and 10:00 a. m. and 3:00 p. m. Connections for the evening train are now made with No. 20 leaving San Francisco at 11:00 a. m.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been filed for record the past week:

Slip'n Find quartz by J. T. Smythe in Washington Mining District.

Lily gravel by Lillian V. Stuart in Washington Mining District.

Mountain Quail placer Nos. 1, 2, 3, 4, 5, 6, 7, 8, in Sec 14 T19N R12E by F. J. Shipler, D. A. Van Horn and W. H. Collins

Federal Gold placer Nos. 1, 2, 3, 4, 5, 6, 7, 8, in Nevada County Mining District by W. H. Collins, F. J .Shipler, H. A. Van Horn, Margaret Laughlin, Mrs. M. E. Shipler, Eugene Shipler, Lillie Edwards, and Lena Christensen. In Sec 15 T19N R12E.

CAMPTONVILLE MINES ARE BEING PROSPECTED

Quite a bit of prospecting is being done in this mining district ths spring, and the possibility of finding further mines is encouraging.

Allen Chester has established himself at Dead Horse Ravine, and is giving that piece of country a going over. Chester comes here from the state of Nevada and bears the reputation of an excellent pocket hunter and vein finder, and it is hoped that he will be successful in discovering something that so far has remained dormant.

Ross Zaring recently located the old Tapioca Claims at the head of Campbells Gulch, and expects to do a little exploration work thereon. This ravine has given up a quantity of fine gold in the old days, and has an excellent showing of quartz on it, and the people of this section believe that a very good quartz property lies in that neighborhood.

Wm. Mansfield, who lives near Youngs Hill, near R. H. Deal's place has been exploring the ridge near his place, is looking for a deposit of platinum and claims to have found some good ground and taking out some of this valuable metal.

It is reported that Frank Pendola intends to begin operations within a short time at the Honey Comb Mine and drive the tunnel farther ahead. This property is an old mine, and shows up some very good rock with the possibility of striking some high grade ore.

The Garden Valley Dredger, under the superintendency of A. Berner, of Menlo Park is running three shifts a day, and covering considerable ground. The boat was put in good condition before they started this time, and a large quantity of gravel is run through it. They are now going over some of the ground that the former company worked, and still have sme new ground to dredge. Besides this, the Great Eastern Mining Claim lays adjacent to the dredger and negotiations have been in progress between the dredging company and the owners of the Great Eastern for the working of that claim. The claim has been owned for many years by S. F. and E. J. Price, B. T. and Beorge and William Williams, and William. Rolands.

John J. Kelly is again forging ahead his tunnel at Slate Range Bar, in hopes of finding the channel which went through that section. A part of this country was worked many years ago and was very rich, but there remains a portion which is still virgin ground. Kelly, has run about 400 feet of tunnel, and recently struck a solid granite uplift, which necessitated him following it up, making an incline of about forty feet, which is about completed. When he gets beyond this uplift, he expects to find a very good run of gravel.

F. W. Camp is still able to do a little placer mining at Indian Hill, the late rains having prolonged his water season. They had some bad luck during the season but will get things in order to do a good run the coming winter. They recently ran through some bed rock gravel which paid very well.

Henry Harrison is progressing at his claims on Indian Creek, being bothered with very heavy boulders which cover a quantity of virgin

NEW MACHINERY ARRIVES FOR NEVADA CITY NEW TURPENTINE REFINERY PLANT WILL BE IN OPERATION BY AUGUST WITH BIG PRODUCTION AHEAD

Large Installation Will Be Rushed To An Early Completion Ten Tons Raw Gum Already Collected For Operations 40,000 Trees Now Tapped, Total 2,000,000 Expected

With the arrival of the machinery for Nevada City's newest industry, the turpentine refinery, the plant of the California Timber Products Company in the east part of town has assumed a busy aspect and work will be rushed on getting the installation completed so that work may commence at an early dae with manufacturing operations. It is expected that the plant will be in operation in the next six weeks.

The completion of the plant has been hung up for the past ten months waiting for the arrival of special machinery being fabricatey in Germany. General Manager F. C. Ernst went to San Francisco last week o meet the steamer coming from Germany and to clear the shipment through the custom house. The machinery is of the latest design throughout and was built especially for the plant here. Some of the patented features are of Spanish design.

The building has been in readiness for some time for the installation of the machinery and is of substantial design. There are two 6-ton storage vats which are now full of pine gum ready to be started through and the tonnage will be pushed as fast as possible after the plant is in operation to bring it up to maximum production.

The process of manufacutre is a fascinating one. The gum is first taken from the storage vats into a large aluminum kettle which holds three tons at one loading. The gum is melted in this kettle, the process occupying two to six hours. A bucket elevator is used to handle th egum between the vats and the kettle. From the kettle the gum goes into a filter and thense into the main kettle which is in the form of large pipe coils heated with steam from a "dampheiss-wasser-ofen", which is a regulator for the steam generator and is one of the main features of the plant. The steam is generated by means of oil burners. Great accuracy is necessary in the heat control to insure the highest grade products.

The melter and the main kettle can also be used in combination or singly for making pine needle extracts. They are connected with condensing coils which in turn segregate the various lighter and heavier oils extracted from the pine gum.

Everything is being rushed to get the work of installation completed as soon as possible, but the first week of August should see the plant in operation, after which time visitors will be welcomed at any time during working hours to see how the plant is operated.

A carload of drums has arrived for holding the various manufactured products for shipping. The main products at the outset will be rosin and turpentine which will be used in pharmaceutical uses and for paint making. There will be refined two grades of turpentine, four grades of rosin oil, four grades of rosin, ester, two grades of extracts and two grades of medicinal oils.

Mr. Ernst also expects to install a small lamp black plant to take care of the waste products in the refinery.

The trees now being tapped for gum total 40,000 and gum is being regularly collected and stored awaiting manufacture. It is expected to run the tree total up to two million which will make for large manufacturing operations. Those property owners who had the foresight to sign up their acreage and make possible the establishment of this industry in Nevada county are to be highly commended for their willingness to get back of the movement which will bring many thousands of dollars into the county and put it into local circulation. There are now nine tracts under tapping operations, a tract having been added at Relief Hill only recenly, it being on a poundage basis.

A sample of the first rosin produced by Mr. Ernst is on display in the windows of The Nugget and is some of the finest and clearest rosin ever produced commercially. I is far clearer in color than the finest grade American turpentine now produced which spells great possibilities for our new industry.

There is already a great demand for the various products which will come from the refinery and the only limitations will be in attaining maximum production through failure of sufficient property owners to sign up acreage, but is it not expected that there wlil be any difficulty on this score as there has been a widespread interest taken by owners of timberlands. Sufficient acreage has already been signed to make for large production and the future of hte company is assured in a considerable degree. The company however can handle additional acreage in a large amount and hose first signing up will get the first start on drawing profits naturally.

MINING ASSOCIATION IS BEING PROMOTED

Yreka has been chosen as the next meeting place of the Northern California Mining Association.

At the Yreka meeting, to be held in August, members of the association propose to effect the oragnization of a state wide body representing all mining interests and to adopt a seven planks platform for the rejuvenation of the mining industry.

Yreka was selected as the meeting place at which this organization is to be effected, leaders of the association said, because it is the county seat of one of the counties now showing greatest promise in new mining enterprises.

At the Weaverville meeting of the association George Gronwoldt, Redding, president, appointed a committee to plan the seven planks platform upon which miners will base their efforts to control hampering legislation, obtain helpful legislation, and develop the volume of their industry.

Chief among the projects for which the miners will organize will be the establishment of protection on certain species of metal not now protected by tariffs, the adoption of an adjusted system of workmen's compensation insurance rates and the development of chromium mining in California.

It is expected that every mining section of California will send delegates to the meeting in an effort to create an organization comparable to that of the agricultural interests of the state and other types of industry. The purpose of the association, it was pointed out, will be not only to attempt to obtain more equable legislation, but to aid in the general development of mining industries in California.—Siskiyou News.

BOUNDARY MINE WILL HAVE COURT HEARING

The Boundary mine which has been developed the past couple of years under a bond and lease by a group of Alaska operators is now under writ of attachment from the sheriff's office in a suit brought by its owners the past week. The jewelry rock recently uncovered has been seized and is being held at Bank of America pending settlement of the action.

The operators brought suit last year to determine the legality of a certain alleged transfer of stock of D. W. Wulzen made by M. J. Brock and other officials of the Boundary Mines Company. In the present action which was filed by W. E. Wright as attorney for the owners, suit is brought for $100,000 damages and for $100,000 royalty payments claimed due. A temporary injunction was issued out of superior court Wednesday and a writ of attachment given to the sheriff to serve.

The complaint sets up that the bond and option originally given on September 1st, 1925 was for a period of two years and was afterwards extended but that the option expired on the 16th of March last and that defendants have been in possession since that time. It was reported that the operators were ready some time ago to take over the property under the terms of the option but the transaction was not completed.

The case promises to be a bitterly fought one.

Henry Goering came down from Sierra county Thursday from his Big Nugget property where he has been doing his annual assessment work. The property is located three miles east of the Gold Lake road and has seen some large nugget production in year past. Henry had a likely looking phial of the real stuff with him.

The local Leaguers captured the banner for general efficiency awarded at the Shasta Assembly last week

GRIMES TO COMMENCE AMERICAN FLAG WORK

James Grimes of Oakland, principal owner in the American Flag quartz mine near Sleighville House, arrived in Nevada City last week preparatory to resuming operations at the property following a shut down for the winter. He will let a contract to extend the present tunnel from its 1600 foot terminus to cut ledges known to exist, and also to run cross cuts. Three are 13 claims in the property and there are five ledges carrying good values exposed on the surface.

Mr. Grimes with S. E. Martin of Klamath Falls and a third party comprise the ownership.

GRACEY WINZE DOWN 56 FEET ALREADY

The winze being sunk from the 170 level at the Gracey property had reached a depth of 56 feet Saturday and is going down steadily. The pay shoot is showing good values all the way down and the orebody is holding up in extent. Sinking will be continued. The ledge pitches almost perpendicularly. Donald Woodrum and James R. Kenna hold a bond and option on the three claims included in the group. R. Noble McCormack is superintendent in charge of operations.

COPPER SPECIMENS FROM FRENCH CORRAL GOOD

Some fine specimenc were brought to The Nugget office the past week from French Coral by T. J. Meyer. They were obtained at a depth of six feet below the surface and the ledge matters shows five feet in width at that point. The values run in stringers up to elgh inches in width. The samples were takne from three distinct blowouts and hte surface of the ground indicates that they connect at depth.

With the high prevailing values in copper once more, greater attention is being paid to opening up new deposits and the French Corral find has been exciting a great deal of intreest.

ELKS STAGE PLAYTIME WITH MODESTO FRATERS

In one of the most entertaining meetings eer stagedv by the Nevada City Elks, the well known degree team from Modeso staged their burlesque degree known as the "Warts' in the local lodge room Saturday befor ea large and appreciative audience. Following the humorous presentaion which was presened with all the trills on a neophyte of Hebraic persuasion, the vistors uncorked some sparkling and musical talent that was most entertaining The presence of "Sunny Jim" McCormick, the blind member whose Mother's Day ritual is being considered for inclusion in the ceremonies of the Order, proved a happy event. A buffet luncheon was served.

Miss Alberta Baker, rcent graduate of the local high school, ranked firs in the teachers' examination held he past week by the county board of education, with an averag egrade of 92.

Jack Totten who is connected with one of the large oil companies at Oleum and living at Rodeo, has been the guest of his sister, Mrs. H. D. Shearer.

Mrs. Raymond C. Rossen is here for a visit with Miss Mary Rossen and mother, and friends.

Scott Rundy, student at the College of the Pacific at Stockton, returned in the last few days to spend his vacation here with his parents, Mr. and Mrs. Theo. Fundy.

Born to Mr. and Mrs. Fred T. Deal, at the Nevada City Sanitarium, June 16, 1929, a daughter.

Mrs. Nellie Clark is entertaining company from San Francisco.

HIGHWAY CONSTRUCTION IS STARTED IN SIERRA

Construction work on the Yuba Pass Highway between Downieville and Sierra City was actively commenced on Monday when Curley Brown, holder of a sub-contract from A. J. Fairbanks, commenced operations at Loganville, an old mining settlement near Sierra City. The highway will be closed to all travel between July 15th and August 15th. The present contract runs between Sierra City and Lady Canyon and will remove one of the worst stretches of the thirteen mile bugaboo. I is four and a half miles in extent. It is hoped that the balance of the route can be taken care of the coming year.

EAGLE WILL SCREAM AT GRASS VALLEY FOURTH

Gathering momentum in great force after a delayed start, Grass Valley is going to stage a Fourth of July celebration that promises to be a real whoopee maker, Frank Davies and Elza Kilroy representing last year's successful event were on hand at a large meeting of the Grass Valley committee Thursday night and informed our sister city that Nevada City would put a willing shoulder to the wheel and make a real showing to help put over a fine celebration.

It looked for some time as if Grass Valley would have to pass up this year's celebration but with the spirit shown by the citizens generally the past week it will be possible to put over an event which will rank with the best. A full fledged gold mine will be given away and there will be a fine parade. A dance will be staged the night of the 3rd at Elks Hall.

PARSONS GOES EAST

Charles E. Parsons, proprietor of the Felix Gillet Nursery, left Saturday noon on an extended Eastern trip which will take him as far as Lynn, Massachusetts, his former home. He is going the southern route and will visit Los Angeles, the Grand Canyon and other points on his way east and will attend a nurseryman's convention in Boston whil eaway. He expects to be gone six weeks.

B. F. BLACK REVISITS

B. F. Black of San Francisco, for eleven years a resident of Nevada City, came up the past week to revisit the old town and renew acquaintanceships. He was on his way to Lake Tahoe and Yosemite Valley on a vacation trip with his son, Henry Black and wife. Mr. Black ran the gas works for six years. He took occasion while here to enter a subscription for The Nugget so as to keep posted on the doings here.

CAMPTONVILLE PERSONALS

Edward Lang, of this place and Mrs. Annie Blaha of Sacramento were married at the capitol city Tuesday morning, friends and relatives being present at the ceremony.

The newly wedded couple arrived here where they will make their future home, living at the Deal house on Upper Main street. Mr. Lang is associated with his brother, William A. Lang, in the Lang Garage here, and has a wide acquaintance of friends in the community who extend their hearty congratulations to them.

John C. Donnelly and son, Charles Donnelly, passed through town last week enroute to the True Grit mine.

The Camptonville Union Grammar school held commencement exercises at the Masonic Hall on Saturday evening, June 22nd, at which time seven students passed from the eighth grade into the high school.

Some time ago a movement was started here in an endeavor to get the Pacific Gas & Electric Company to consider bringing a power line into town, and it has just been determined that this will be impossible at this time.

One of the most severe storms ever witnessed in this section during the month of June took place at the last week end. It rained as a winter storm, more water running down the gutters and ravines than any time during the past water season. It came at a time when most all the spring hay was down, and just as the cherries were beginning to ripen, and otherwise was bad on some of the other fruit which survived the frost. It was also bad on some of the rural roads which were recently put in shape. The Department of Agriculture had a road crew in this section this spring, reconditioning all the roads through the forest, grading them, and putting them in better shape than for many years. After the storm, some of this work will have to be done over.

B. F. McNaught, Mrs. Phyllis Riddell and son, Minot, M. E. Whittum and party returned Saturday from Glendale enroute to the Halkyard Mine.

Mr. and Mrs. Thomas Baldwin and Williams Burns returned Friday from a short business visit to the lower country.

J. P. Smart made a business trip to Nevada City Friday.

Mrs. Frank M. Groves returned to Sierra City Friday after a short visit with relatives here.

George Williams and brother, William Williams, and Henry Godfrey left Saturday for their home at Berkeley after spending a week visiting their old home town.

Mrs. Peter Peterson and garndson, Winsmore Chapman, arrived Friday from Marysville and wil spend the summer at their home here.

C. N. Chapman of Pike City was in town Friday.

W. H. (Bud) Wayman of Pike City motored to Grass Valley Friday returning with a new model touring car which he will use on the mail route between here and Pike City.

Mrs. Alice M. Gray and daughter, Bernice, and son, Jason, arrived Friday from Oakland and will spend the summer here.

Henry Bastian has as visitors his mother and sister, Mrs. Sarah Bastian and Mrs. Minnie Madden, of San Francisco.

J. E. Taylor was a recent visitor in Sacramento and San Francisco.

Miss Clara Carson is visiting in Virginia City, Nevada.

Mr. and Mrs. E. C. Uren left Tuesday for San Francisco. He will make a map for a mining company of Nevada in a pending lawsuit.

Mr. and Mrs. Alvin C. Richards of Berkeley are here visiting relatives and friends.

FRENCH CORRAL ITEMS

FRENCH CORRAL, June 21, (Special to The Nugget)— The longest day of the year, but we sincerely hope, it may not be the hottest, for after two days of excessive heat we feel rather unable to cope with the third and longest day. Well, as in this none can be choosers we must take what is sent and make the best of it. After the plenteous rain of a week ago, we are still exclaiming, "Strange weather for June". No particular damage was done in this section, however.

We begin this week's items with feelings of both joy and sorrow. As we are wont to put sorrow away, we will write of the joyous past first. It gave us great pleasure to read in Tuesday's Union that the spirt of patriotic enthusiasm had been thoroughly aroused, and Grass Valley would give their almost traditional observance of 4th of July, and have a celebration.

The San Juan Ridge is always proud of our "Twin Cities", and it would seem almost a calamity if that beautiful custom of much over half a century met with failure. Would that we of this section could take an active part in it. Why could we not put on a float? Our Hi School Bus might play its part in this, was suggested by one of our young ladies. After five years of steady association the "Old Bus" has become endeared almost as the school room. Get busy girls and boys, and the the Ridge be represented! Boost the Ridge, be represented! Boost our own Nevada county!

Friday evening brought friends from Sacramento. Mr. Clarence Hoffman and son, Milton, to whom French Corral is always "Home". They pitched their tent beneath the pines, and it was lucky they had a tent for use the morning the rainstorm was on. They returned to Sacramento Sunday afternoon, but say, they can even enjoy a rainstorm in French Corral.

Bill Walsh of Smartville passed through Friday morning with a drove of cattle.

The S. J. R. W. A. dance that was to be given at San Juan the night of the 15th had to be postponed on account of the storm. It seems the weather plays a hoodoo on the Association dances with snows and rain.

Miss Theresa O'Conner and her brother ,Michael, went to Grass Valley Saturday p. m. Miss O'Conner was enroute to Santa Cruz, where she will attend the session of Grand Parlor of Native Daughters of the Golden West.

Mrs. K. Broyles and daughter, Mrs. Labour, and family of Sacramento, came to their home in French Corral Saturday and returned to Sacramento Sunday.

Mrs. Adele Browning went to Nevada City Sunday from which place she will leave with other delegates Monday to attend the Grand Session of Neighbors of Woodcraft to be held at Redding this week.

Levin Brown of Sweetland had business in French Corral Monday.

Mr. A. Browning and sons, Harry and Clyde, and J. Swazey worked at the Manzanita mine Monday, Wednesday and Thursday, getting out pipe to use for repair work on the water system.

Thomas Mitchell and sisters, Mrs. M. Mitchell of Grass Valley, and Mrs. L. Hazenbrook of Los Angeles and her son, Richard, made a trip to Grass Valley Tuesday. Mrs. Mitchell remained in Grass Valley.

M. Milns, repersenting the Scherry Bros. Creamery of San Francisoc had business in French Corral Tuesday.

Mr. and Mrs. R. McNamara of Tyler visited Mrs. McNamara's brother, J. W. Culver Wednesday.

W. E. Moulton and N. B. Bishop made a trip to Nevada City Wednesday.

Clyde Browning went to Sacramento Tuesday and later made a trip to the mountains with fruit and vegetables.

Wm. Cordon came from La Porte Wednesday and will spend the week as a guest of Mr. and Mrs. W. E. Moulton.

Flag Day was observed at Columbia Parlor, with a short, but pretty and appropriate program: readings recitations and patriotic songs. Invited guests, Mrs. E. De Prati, Miss N. Sullivan and A. Moynier.

Miss Nellie Clerkin went to Nevada City last evening to attend the meeting of Neighbors of Woodcraft.

Now we come to the feelings of sorrow with which our hearts are filled on account of the death of Mrs. F. L. Arbogast. Altho resident of Oakland for several years past the Arbogast family are strictly Nevada countians and Mrs. Arbogast as Adel Nash, was a native of North Bloomfield. She was a charming woman and deeply beloved by all who knew her. Her passing away means the breaking up of a beautiful home life, of which there are none too many in our day. Our deepest sympathy is xtended to he husband and family.

Camptonville Mining

gravel. Harrison came here about a year ago from Gold Run and is well pleased with the mining possibilities on this section.

B. F. McNaught recently returned from the south, and is planning to continue the channel at the Halkyard property. They recently hit gravel and the prospects are very good. They have been developing the property for the past two winters, and have put up several thousand dollars into equipment and development work and it is hoped that they find something very rich.

A party of mining men are negotiating with C. T. Driscoll and Dr. Grimmer, and others, at Irvington, owners of the Snowden Hill Mines, and there is a possibility of this property again starting operations.

John C. Donnelly and son, Charles Donnelly, arrived a week ago from Oakland and have established camp at the True Grit gravel property where they are doing the annual assessment work. The True Grit is a hydraulic proposition and Donnelly is in hopes of getting interested parties on the grund very soon.

C. N. Chatfield reports that he soon expects the people who recently took over his property to start actual operations.

F. L. Lorenz of Los Angeles arrived in this section Thursday and proceeded to the Foote claims near Snowden Hill and will immediately begin operations. There has not been any mining done in this section for quite some time, and the roads and trails are all overgrown, and an investor almost has to again pioneer the way through. Lorenz will put a foreman in charge and employ a small crew of men, a campsite will have to be made and some buildings put up. The property is quartz in nature and looks as though it should turn out real good, at any rate the showing on the ground is were served at the conclusion of he ment work. The claims are owned by Leonard Foote of Indian Valley.

Mr. and Mrs. H. O. Kohler of Washington were business visitors in Nevada City Friday.

Mike Matlovich who was recentiy entombed at the South Eureka mine worked for some time at the Murchie mine this spring.

Mrs. Bessie Nickless had as a visitor Friday her grandson, George Taylor of Berkeley. He is also a former resident.

Miss Elain Mobley, who has completed her term at the Auburn high school is spending here vacation in Nevada City with her parents, Judge and Mrs. W. L. Mobley.

The 6:30 p. m. stage from Nevada City on Sunday night has been discontinued by the Pickwick Stage.

Miss Katherine Jost was married to Lloyd C. Macabee in the Memorial Chapel at Stanford University recently. Her partens, Mr. and Mrs Fred Jost were among a small group that attended. She has been connected with one of the departments at the university. They will make their home at Palo Alto upon their return from their honeymoon.

Mr. and Mrs. Martin Dellea came in from their mining property in the Quaker Hill district during the week.

Josiah Mewton, long time resident of this county, passed away at his Grass Valley home last week. He was a shoemaker and well known as a member of the early choir.

Jack Thomas was in town from the Rattlesnake mine this week. While here he engaged two men and sent them up to his Monongahela mine to do some assessment work.

Four men have been put to work at the Gold Bluff mine, on the North Fork.

It is reported that 11 men have been employed at the Bald Mountain and South Fork properties at Forest. These are the properties that were sold recently to Los Angeles capitalists.

Meyer's store is engaged in packing a consignment of 8000 gallons of gasoline to the Gibraltar mine, some 18 miles north of Downieville.

The hotel at Forest has changed hands, it is reported, and is to be renovated and made into an acive hostelry by its new owners, in consequence of the reopening of the mines at that place.

H. L. Van Valkenburg of Mount Vernon was in town this week from his Cold Spring mine. He has two men doing development work. The recent rains afforded water, which had stopped flowing, and permitted considerable gravel to be washed.

Mr. and Mrs. J. T. Leonard of Yuba City arrived the first of the week on their way to their mining property, the Crescent mine, which was formerly the Barney Gallagher property. They will remain in the mountains about six months. Saddle and pack animals were obtained from Antone Lavezzola to take them to the mine.

George Shubert was down from the Eagle Bird mine for a few days this week. He reports development work going steadily forward.

A. F. Sheehan is established again at his Oak Ranch summer range. He will do some mining on his property there when conditions become more favorable.

SUMMONS
NO. 5702

In the Superior Court of the State of California, in and for the County of Nevada.

SARAH PRESCOTT, Plaintiff,

vs.

JOHN SENNER, Sr., CHRISTINA SENNER, his wife, JOHN SENNER, Jr., FRED SENNER, WILLIAM SENNER, EMMA MALTMAN, ALEXINA C. M. GRISSEL, GEORGE A. GRISSEL, her husband, ARTHUR BARTON, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the superior court of the State of California, in and for the county of Nevada, and the complaint filed in the office of the clerk of said county of Nevada.

F. T. NILON,
Attorney for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

John Senner, Sr., Christina Senner, his wife, John Senner, Jr., Fred Senner, William Senner, Emma Maltman, Alexina C. M. Grissel, George A. Grissel, her husband, Arthur Barton, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto," defendants:

You are hereby directed to appear and answer the complaint in the action entitled as above brought against you in the superior court of the state of California, in and for the county of Nevada, within ten (10) days after service on you of this summons if served within this county; or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgement for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the court for any other relief demanded in the complaint.

The object of the action is to determine all and every claim, estate, right, title, lien or interest in the real property hereinafter described, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; to obtain a judgment of this court adjudging and decreeing that plaintiff is now, and has been, by herself and her predecessors in interest, in the actual, exclusive and adverse possession of said real property, continuously for the period of twenty (20) years immediately prior to the filing of the complaint in this action, claiming to own the same in fee as her separate property against the whole world, and that plaintiff by herself and predecessors in interest has paid all taxes of every kind levied or assessed against said real property during the period of five (5) years next preceding the filing of the complaint aforesaid; that plaintiff is the owner and entitled to the possession of said real property, that all claims of said defendant thereto are without right, and that defendants have not, nor has any of them, any right, title, estate, or interest in said real property or any portion thereof.

The real property affected by this action, and hereinbefore referred to is described as follows:

All that certain lot and parcel of and situate in the city of Nevada County of Nevada, State of California, bounded and described as follows, to-wit:

All of the lot numbered three (3) and a portion of the lot numbered twelve (12) of block numbered (12) in said city of Nevada, as said lots and block are designated and delineated upon the map of the official survey of said city made by H. S. Bradley in the year 1869, described as follows, to wit:

Beginning at a point on the east line of Main street from which the corner of Main and Church streets bears north 28° 13' west 91.68 feet; thence from a true meridian north 62° 57' east 52.23 feet; thence north 14° 21' west 9.15 feet; thence north 21° 21' east 68.57 feet to the northeast corner at a stone wall on Coyote street, from which the corner of Coyote and Church streets bears north 4° 57' west 80.20 feet; thence south 5° 44' west 51.35 feet along Coyote street; thence south 76° 30' west 43.40 feet along stone wall; thence south 61° 07' west 56.70 feet to Main street from which the northwest corner of Snyder's brick garage bears south 27° 25' east 60.38 feet distant; thence north 29° 49' west 51.10 feet along concrete wall to the place of beginning.

Given under my hand and the seal of said superior court of the state of California, county of Nevada, this 22nd day of December, 1928.

Delightful musical numbers were given by Mesdames Carl Libbey, Otto Koenig, Jack Wolff and Gove Celio and Miss Minnie Brand, while Mrs. Ragland Tuttle gave an interesting reading.

Tea was served at the conclusion of the festivitles. A numbr of out of town guests were present for the affair.

M. P. FISHER WEDS MISS IDA MAY BACHELS

One of the leading social events of the year in Sierra county was the marriage early last week of Miss Ida May Bachels of Goodyears Bar to Mr. M. P. Fischer of Downieville. The ceremony was performed by he Rev. M. J. O'Donnovan at the bride's home in the presence of the members of the immediate family.

Attending the bride was her brother, Andrew Bachels, bridesmaids were Mesdames James Sutherland and Carl Bachels and matron of honor was Mrs. F. M. Moriarty. Louise Bachels was flower girl. The groom was attended by his brother, Henry, while Paul and Carl Bachels were ushers.

The marriage united two of Sierra county's leading families and congratulations have been pouring in on the young couple. They have been spending their honeymoon in the mountains and on their return will reside at Goodyears. The groom is owner of the mail stage route between Nevada City and Downieville and some months since purchased the R. H. Meyer grocery store at Downieville.

"Music, florists, caterers—
It's easy to entertain if I use the Buyer's Guide"

"First I look up 'Musicians' and find a dance orchestra. Then 'Florists', and place my order by telephone. Then 'Catering Business' and that is off my mind.

"Making arrangements for Nancy's party is as simple as A-B-C.

"People think I am an unusual manager, but that is because I have learned to use the yellow telephone pages."

PROSPER WITH THE NATION

It is the man who works and saves who forms the backbone of this great country. The farmer who sits back or visits when there is work to do, is never prosperous. The man who works early and late, collecting his money and banking it, paying it out by check, i slooked upon as the most prosperous citizen we have in the community.

It matters little what your method of getting an income is, as long as it is honest. The grea secret is ta spend a little less than you earn, bank that little and watch it grow. People who do that are prepared for emergencies, and are usually referred to by their friends as "lucky," when they have been but applying sound business principles.
